Sept. 11, 2023

a memo from some thoughts as I pay my taxes:

My taxes go up as my quality of life goes down.

My cul-de-sac at the end of Riverside St., on Blue Bill Cove is OVER RUN w/STRs! Parking problems, TOO much traffic (often speeding and going the wrong way). Throngs of strangers—as a senior citizen, living alone, I am not comfortable with this—wandering around. That's not a neighborhood. (Noise, drinking ^{are})

Riverside St, as many streets in Island Park, is a disgrace. BUT! the steps into the cove, that hardly anyone uses,

a memo from

have been redone. Lots of time and energy by the DPW went into that. My tax dollars at work?

If I need fire or rescue - good luck. The

"Buzz Bus" couldn't even get through after dropping off their "buzzed" patrons at one of our newest STRs!

Too many cars - there were 90! cars parked on this cul-de-sac the other night as someone had a ~~car~~ "rager" w/a live band.

I could keep going or just go "bang my head against the wall." Please do something!

Even NYC is making moves to bring STRs under control!

They do not belong in neighborhoods. Oh, and what "housing crisis"? Restore our neighborhoods! OK, I'll really stop this time,

Susan Panaggio
